#### Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit of Financial Statements Performed In Accordance With Government Auditing Standards

#### **Independent Auditor's Report**

To the Board of County Commissioners Northampton County Jackson, North Carolina

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Northampton County, North Carolina, as of and for the year ended June 30, 2015, not presented here, and the related notes to the financial statements, which collectively comprise Northampton County's basic financial statements, and have issued our report thereon dated February 29, 2016. Our report includes a reference to other auditors who audited the financial statements of the Northampton County ABC Board, as described in our report on Northampton County's financial statements. The financial statements of Northampton County Tourism Development Authority and Northampton County ABC Board were not audited in accordance with *Government Auditing Standards*.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Northampton County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Northampton County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be material weaknesses. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 2015-001, 2015-002, 2015-003, and 2015-004 to be material weaknesses.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Northampton County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of non-compliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2015-003.

#### **Northampton County's Responses to Findings**

Northampton County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We have audited Northampton County, North Carolina's, compliance with the types of compliance requirements described in the OMB A-133 Compliance Supplement and the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of Northampton County's major federal programs for the year ended June 30, 2015. Northampton County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Northampton County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Northampton County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Northampton County's compliance.

Northampton County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

#### **Report On Internal Control Over Compliance**

Management of Northampton County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Northampton County's internal control over compliance with the types of requirements that could have a direct and material effect on a major State program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control over compliance as described in the accompanying Schedule of Findings and Questioned Costs as item 2015-005, that we consider to be a material weakness.

The County's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

#### 2. Findings Related to the Audit of the Basic Financial Statements

#### **Finding 2015-001**

**Criteria:** Management should have a system in place to reduce the likelihood of errors in financial reporting.

**Condition:** Financial reporting under the accounting standards promulgated by the Financial Accounting Standards Board and the Governmental Accounting Standards Board (GAAP) requires a level of technical expertise not possessed by the County's personnel with regard to drafting full accrual, full disclosure GAAP financial statements.

**Context:** During our planning procedures, we noted that County personnel do not possess the technical expertise required to comply with financial reporting requirements discussed above.

**Cause:** Financial reporting under the accounting standards promulgated by the Financial Accounting Standards Board and the Governmental Accounting Standards Board (GAAP) requires a level of technical expertise not possessed by the County's personnel with regard to drafting full accrual, full disclosure GAAP financial statements.

**Effect:** Material misstatements of the financial statements could result.

**Recommendation:** The cost of acquiring the technical expertise to comply with the financial reporting requirements discussed above appears prohibitive. Therefore, the County should exercise due care in reviewing the financial statements drafted by the external auditor as the County is responsible for the accuracy of the audited financial statements.

Name of Contact Person: Leslie Edwards, Finance Officer

Corrective Action/Management Response: Management is aware of the weakness; but, due to the cost benefit analysis, they will continue to rely on the external auditor to draft the year-end financial statements. The County will exercise due care in reviewing the financial statements drafted by the external auditor. The County acknowledges and accepts responsibility for the accuracy of the audited financial statements.

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2015

#### 2. Findings Related to the Audit of the Basic Financial Statements (continued):

#### **Finding 2015-002**

**Criteria:** Management should have a system in place to reduce the likelihood of errors in financial reporting.

**Condition:** A significant audit adjustment is a proposed correction of the basic financial statements that, in our judgment, may not have been detected except through our auditing procedures. The existence of such material adjustments indicates that the County's system of controls did not detect and prevent such errors. We have provided management with a report of these adjustments.

**Context:** While performing our audit procedures, significant audit adjustments were required to report the County's financial statements in accordance with Generally Accepted Accounting Principles.

**Effect:** Material misstatements of the financial statements could result.

**Cause:** Year-end adjustments include adjustments required for drafting full accrual, full disclosure GAAP financial statements, which requires a level of technical expertise not possessed by the County's personnel with regard to drafting full accrual, full disclosure GAAP financial statements.

**Recommendation:** Management should examine the adjustments required as a result of our audit and assess the cost versus the benefit of improving the internal control system to prevent the adjustments in the future. Management should acknowledge inherent limitations in the internal control system caused by limited resources and modify their oversight function accordingly.

Name of Contact Person: Leslie Edwards, Finance Officer

**Corrective Action/Management Response:** Management is aware that year-end audit adjustments are typically required. Management will examine controls in place to see if they can be strengthened, given available resources, thus, reducing the number of audit adjustments required at year-end. In the areas where the cost/benefit does not justify improving the control system, management will exercise due caution in performing their oversight function.

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2015

#### 2. Findings Related to the Audit of the Basic Financial Statements (continued):

#### **Finding 2015-003**

**Criteria:** General Statutes require that all money received and expended by a local government should be included in the budget ordinance. The Statutes require that funds be appropriated before incurring the obligation for funds and that amounts be pre-audited prior to disbursements being made. These requirements imply that the County has a responsibility to design a system to monitor its compliance with the budget ordinance and the General Statutes pertaining to local government finance.

Condition: In the current year, there were violations of the NC General Statute 159-25(a)(2) with regard to expenditures exceeding appropriations and, therefore, a failure in the pre-audit requirement. Several funds were also operating in a deficit. A detailed note on the excess of expenditures over appropriations and deficit fund balances is found in the notes to the financial statements.

**Context:** Lack of budgetary control

Cause: Management is not ensuring compliance with the budget policy.

**Effect:** The County was in violation of the North Carolina General Statutes.

**Recommendation:** Management and the Board should review the budget reports to ensure compliance in future years.

Name of Contact Person: Leslie Edwards, Finance Officer

Management's Response/Corrective Action: In the future, management will secure revenues and other financing sources sufficient to cover all expenditures and other financing uses prior to incurring obligations of County resources. Management and the Board will more closely review the budget reports to ensure compliance in future years. The County is also evaluating revenue sources to cover expenditures in the funds operating in a deficit.

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2015

#### 2. Findings Related to the Audit of the Basic Financial Statements (continued):

#### **Finding 2015-004**

**Criteria:** Management should have a system in place to reduce the likelihood of errors in financial reporting and ensure the timeliness of financial reporting.

**Condition:** Effective financial reporting requires timely account reconciliation and access to information to management and other users of the financial statements.

**Context:** The County had delays in account reconciliations. The County's annual financial statements are not available in a timely manner for internal use and are materially past due to outside reporting agencies.

Cause: Availability of adequate number of personnel in the finance and administration departments caused delays in reconciling account information and preparing for the annual audit and preparation of the financial statements.

**Effect:** The County's management and other users of the financial statements do not have timely information for decision-making and monitoring of the County's financial position and adherence to laws, regulations, and other requirements. Errors in financial reporting could occur and not be detected.

**Recommendation:** The County should evaluate the allocation of internal resources dedicated to financial reporting to ensure adequate resources are available for timely account reconciliations, year-end close and annual financial reporting purposes. Management should consult with outside accountants or auditors if additional assistance is required in order to prepare for the annual audit, determine appropriate accounting for complex transactions, or prepare the financial statements.

Name of Contact Person: Leslie Edwards, Finance Officer

**Management's Response/Corrective Action:** The County is aware of the circumstances, which lead to the late completion of the annual audit and issuance of the financial statements. Management will dedicate resources accordingly in order to prepare timely account reconciliations and prepare for the annual audit to issue the financial statements in a timely manner.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2015

#### 3. Findings and Questioned Costs Related to the Audit of Federal Awards

#### **Finding 2015-005**

**Criteria:** The County should have adequate monitoring controls to ensure that all budget information from the State's eligibility system, known as North Carolina Families Accessing Services through Technology (NC FAST), contains the correct gross income amount.

**Condition:** Net income instead of gross income was used to calculate eligibility for a program. This error caused the participant to incorrectly qualify for MAD instead of MQB-B.

**Context:** While performing testing of eligibility related to the Medicaid program, we noted the above condition.

**Effect:** Participant case file budget calculation was incorrect.

Cause: Net income was used to calculate benefits instead of gross income causing incorrect calculation of benefits.

**Questioned Costs:** The questioned costs are approximately six months of benefits for one of the participants selected for compliance testing. The participant received six months' worth of benefits for capitation fees which are not covered under MQB-B for a total of \$677.78 questioned costs.

**Recommendation:** Management should monitor the systems of internal controls over participant budget calculations and NC FAST data to ensure that controls are operating as intended. Management oversight of the reconciliation process would reduce the risk of further noncompliance.

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Northampton County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2015. The information in this SEFSA is presented in accordance with the requirements of Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and the State Single Audit Implementation Act. Because the SEFSA presents only a selected portion of the operations of Northampton County, it is not intended to and does not present the financial position, changes in net position or cash flows of Northampton County.

#### 2. Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments or cost principles contained in the Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursements.
